Burial Novo Beth Chaim Sephardi cemetery

Moving East down Mile End Road along the front of Queen Mary's college for a quarter of a mile or so brings you to a small length of old brick wall. This is a remnant of the boundary wall of the Sephardi Novo Beth Chaim cemetery that replaced the Old Velho Cemetery. This cemetery would be located at 320 Mile End Road were it still to have a main road frontage. However much of the cemetery was removed in the 1970's, and only some 2000 graves now remain from the original 9500. The remnant lies hidden in the grounds of Queen Mary's College. To gain access, turn left (North) off Mile End Road into Westfield Way. Turn left again into the staff car park behind Queen Mary's Faculty of Arts building and you will come to an old brick wall. Look over the wall and there is the cemetery. It is called Novo Beth Chaim. It was opened in 1725 and closed in the 1920s. Much of the original cemetery was excavated and removed to provide building land for Queen Mary's college. Note the laid flat tombstones (Sephardi style) in the photos included.

The Novo cemetery was partly cleared in the 1970s in accordance with Rabbinic requirements in face of a compulsory purchase order. Re-interments were carried out at Brentwood, Essex where all the names are recorded on plaques.

She married (1) FREDERICK JOHN HARRIS 19 Feb 1921 in The Register Office, West Ham, London England, son of CHARLES HARRIS and MARTHA CAPPI-HUNTINGDON. He was born 15 Jun 1896 in 3 Lautrauc Rd., Stepney, London, England, and died 17 Jun 1976 in Palmerston North. She married (2) ALFRED JOHN WING 1944 in New Zealand, son of ALFRED WING and GRACE ?. He was born 06 May 1909 in Thanet, Margate, Kent, and died 1990 in NZ.

Notes for FREDERICK JOHN HARRIS:

Frederick was born at 18 Lawrence Rd., Bow, London and was educated at London County Council School. He later became a Petty Officer with the British Royal Navy (1915-1919). At the time of his marriage he was living at 105 Redmans Rd., Mile End, London and was a fishmonger. In 1926, he and Margaret came to NZ, departing London August 1926, with the assisted passage scheme run by the Salvation Army and settled in Wellington as a chef.

In 1943 he invited home for a meal and a night's stay his fellow worker, Jack Wing. Unfortunately Jack and Frederick's wife, Margaret began an affair at this time and Frederick was asked to leave the family home by his wife. Until 1971 this was the last contact he had with his daughter, Norma. Norma was told by her mother, quite incorrectly, that her father was no good and she should not make any contact with him. Norma was only 12 years old at this time.

After the dissolution of his marriage to Margaret Miriam Valentine, he resided at 33 Epuni St, Wellington and was a civil servant for the NZ Government's Internal Affairs Dept.

He commenced with NZ Government Internal Affairs 21st Jan 1941 and then to External Affairs 27th July 1946. He retired 17 Jan 1967 after 26 years' service. His revue stated that he was "a highly reliable, energetic and conscientious officer"

Frederick had not seen, nor had contact with his only daughter, Norma from 1943 until a meeting was arranged 7th March 1971 - 28 years without contact of any sort!

Frederick entered the Masonic Court, Clauson St., Palmerston North on Wed 6th June 1973.

His social security number was 4/61812

Andrews Hospital, Glendowie, Auckland. She married EDWIN (EDDIE) LISTER HANDRICKS 31 Oct 1953 in 2:00pm St Davids Church, Naenae, Wellington, son of NORMAN HANDRICKS and RUBY STAGGARD. He was born 05 Mar 1926 in Lister Hospital, Riverside Road, Gisborne, and died 01 May 2011 in Middlemore Hospital, Auckland.

Notes for NORMA MARGARET LOUISA HARRIS:

Norma Margaret ouisa Harris was born 12 January 1930 at the Alexander Nursing Home, Wellington to Frederick Harris and Margaret Valentine. Her mother was the daughter of Jewish tailors from the east end of London and her father was in the merchant navy, the son of a London fishmonger and an Italian opera singer. Norma grew up in Mitcheltown, Te Aro, Wellington and lived in an home next to the old schoolhouse at the very end of the now famous street Holloway Rd.

Norma was a sickly child had skinny legs but, even then, had an artistic flair. Because of her poor health, she left school early to become a dancer in the hope that the physical exercise of dance would contribute to better health. She trained in ballet and dance with the Dorothy Daniels Dance Studio in Wellington and progressed with distinction through the grades until she qualified in grade 8 performance, the pinnacle of dancing achievement. Norma appeared in numerous stage productions for a number of years. She travelled extensively throughout NZ.

She won awards for her performance and very soon after she left school (at an early age) and began "treading the boards". She toured extensively and performed in countless productions in a stage career that spanned almost 20 years. Norma had a particular and somewhat cheeky character that could conjure fantasy and she put this into her performance and it became a mainstay of her character throughout life.

In her early twenties she met Edwin (Eddie) Lister Handricks. They met on stage during a performance of "The Boyfriend" – got engaged during a performance of "The Girlfriend" and were married, without a hint of irony, during the performance run of "The Merry Widow". Eddie located and purchased their first home, 9 Farringdon St, Glen Innes, and not too soon after their first child and son, Ian Lister handricks was born in the front room of the new house. Their second child and daughter Lynette followed a couple of years later and eventually after a number of miscarriages and battles with anemia, a third child, Glenn, was born

Norma always took great care of her appearance, and was considered by most to be up with the latest fashions – how we came to live in an olive green house, with lime green lounge suite, alternating pastel pink and blue kitchen cupboard doors and khaki floor tiles – obviously had nothing to do with Mum's colour sense! The family grew and all three children married and produced in all eight grandchildren. She doted on them all and they were always guaranteed of her exquisitely wrapped gifts at birthdays and xmas. The first grandchild and only grandson was Daniel Logan Handricks, Ian's son.

Norma's second great career was dressmaking and in particular, costume, fairy and fantasy outfits. She had a special talent here and her children were guinea pigs for her early endeavours. Every year they were decked out in costumes for xmas functions and parties as either scullery maids, cooks, quasimodo, witches – you name it she could create it! Norma started her own business, "Wandering Star", making and supplying the fairy shop with all manner of costumes, wings, wands and paraphenalia.

The urge to dance never left Norma. She began again later in life performing ballet in recital and retained her poise and fascination with this art to the end. Through dance and an enduring friendship of more than 50 years ago, she met Pauline Chamberlain. Pauline also shared the passion of dance - and even tried, it may noted - without success - to teach Norma's son, Ian, how to ballroom dance. In her later years Norma continued to sew and craft her fabulous creations – and enjoyed nothing more than a cup of tea and chocolate maccaroon. She had a ethreal spirit, enjoyed doing cryptic crosswords, taught her children to have a sense of fun and to approach situations with a lighthearted and humorous demeanor.

Norma's marriage to Eddie was not a happy one. Eddie was a difficult man who had a temper, was short-fused and was somewhat disengaged with the family. Although they were married for almost 60 years, Norma asked Eddie to leave after 53 years of them being together. It was an acrimonious split and they really never engaged in dialogue much after that time. Norma moved into an apartment and fared for herself (with Ian and Lynette's support) to the end.

In July 2011 Norma was advised that she was suffering from terminal Leukemia and that she would only have a limited time left. She passed away at St Andrew's Hospital, Glendowie, Auckland on 11 Dec 2011 in her 82nd year. Her funeral was held at St Paul's Church, St Heliers and she was laid to rest at Purewa Cemetery, in Meadowbank, Auckland.

Notes for EDWIN (EDDIE) LISTER HANDRICKS:

Edwin was born in Gisborne and got his middle name, "Lister" from the name of the hospital (a former brothel) in Gisborne where he was born. Ruby, his mother, was suffering from peritonitis at the time of his birth and in thanks for the staff at the hospital managing to save both mother and child, Ruby named him "Lister". Ian, Eddie's son, also was named Lister.

Edwin attended Seddon Memorial Technical College and later completed an apprenticeship as an electrician. He served during World War II in the Air Force as a ground technician and has had a life long interest in the theatre, especially as electrical back-stage crew with His Majesty's Theatre in Auckland and a number of other theatres throughout NZ. He started his electrical career with ECC (Electrical Construction Co.) and later went onto join the Auckland Electric Power Board becoming Chief Inspector for a number of years. After Norma and he married they moved to their first home at 9 Farringdon St, Glen Innes where the three children were raised. They then moved to 9 Dale Cres, Pakuranga and onto Prince Regent Dr, Howick. They then moved to Papamoa. Eddie was an active member of the Institute of Electricians (and for a time President of the Institute) and had a pivotal role in the writing of the electrical wiring regulations. In his retirement he was a Taxi driver.

Eddie was a heavy smoker all his life and this affected his health. In later years he suffered from poor circulation and was admitted to hospital to undergo a triple A bypass operation, arterialgram and other procedures. Unfortunately he had his right leg amputated and in his last weeks the other leg was considered for amputation - however on the 1st May 2011 he passed away before this operation happened.

Eddie was a difficult man to live with. He had a temper and could be gruff and moody. He found it difficult to engage with his children and grandchildren. 3 years before he passed away, he and Norma split and went their separate ways. Eddie moved from boarding house to B&B and finally settled in a Presbyterian Home for the elderly. The two of them never really had much dialogue after the split. It was a difficult and often unhappy marriage.

In his earlier years, Eddie had an excellent head for mathematics and would hold an argument firmly. In later years he was forgetful, cranky, argumentative and sarcastic. He slept in late most weekends and was known to doze off frequently during stage performances at the theatre. Never successful with vehicles, virtually every car he owned broke down, cost a fortune to keep on the road or were grossly underpowered for the tasks required of them - he pulled a 10' 6" caravan, the five members of the family and the luggage around New Zealand with a side-valve 1952 10 HP Hillman Minx car!

He was certainly a character and possessed a somewhat skewed sense of humour. He was never really happy with his life and unfortunately left a legacy of unhappiness with his family.

**79.** IAN LISTER<sup>9</sup> HANDRICKS (*NORMA MARGARET LOUISA<sup>8</sup> HARRIS, MARGARET MIRIAM (MAY)<sup>7</sup> VALENTINE, COLEMAN (COLONIMUS) HENRIQUES<sup>6</sup>, ISAAC HENRIQUES<sup>5</sup>, LEAH (CLARA) DE SAUL<sup>4</sup> RODRIGUES, SAUL<sup>3</sup> DE RODRIGUES, DAVID SAUL<sup>2</sup> RODRIGUES, SAUL<sup>1</sup>*) was born 06 Jul 1955 in At Home, 9 Farringdon St, Glen Innes, Auckland. He married JOCELYN RUTH BROWN 11 Feb 1978 in Holy Trinity Anglican Church, Dargaville, daughter of OWEN BROWN and ROMA SIMONS. She was born 16 Dec 1954 in Te Kopuru.

Notes for IAN LISTER HANDRICKS:

Ian was born at home, 9 Farringdon St., Glen Innes, Auckland on the 6th July 1955. He attended Glen Innes Primary and Intermediate Schools and the onto Selwyn College where he completed 5 years of study towards entry to Auckland University. He began study towards a Bachelor of Engineering Degree. He taught music both privately and nightschool classes at Edgewater College, was for many years, a Flyman and Stage Hand at His Majesty's Theatre, apprentice baker at Klisser's Farmhouse Bakery but in 1973 he joined Hirst Contact Lens as a contact lens technician. He has been with that company ever since.

In 1977 Ian met Jocelyn and they were engaged very soon after. The marriage was planned for New Years' Eve, but had to be postponed because Ian contracted Encephalitis on Christmas Eve. The wedding took place in Feb 1978 in Dargaville Anglican Church and was well supported by the extended family.

Ian began 40 years ago as a contact lens technician after a period of study towards an engineering degree majoring in mathematics and physics. He concentrated on lens design, mathematics of lens design, developing production and marketing methods for the laboratory and eventually computerisation of the design and production of contact lenses. Ian completed a number of advanced management, sales and marketing courses in New Zealand and the United Kingdom.

In 1979 he moved to the United Kingdom to establish and develop a large research, development and production company that introduced leading edge CNC (Computer Numerically Controlled) machining equipment for contact lens manufacture. He headed both the Computer Development Team and the International Sales and Marketing force. During this period Ian traveled extensively selling, establishing new businesses and developing and servicing computer-based technology. A number of his inventions for the optical industry were awarded patents, many of his lens constructions are now industry standard designs.

While in the UK, Ian developed Practice Management software for Optometry and designed, built and established a number of pioneering lens production laboratories throughout Europe, USA and Asia.

In 1989 Ian returned to New Zealand on an invitation to rejoin the Hirstlens group and immediately prepared a business plan for the future of the company. In 1990 he purchased the company expanded it rapidly and began the development of Beyond Imagination, a high technology unit for advancing photo-digital imaging as a business concept. During this period, Ian masterminded a substantial improvement in the marketing and promotion of contact lenses via innovative exhibitions.

In 1993 Ian designed and patented a highly successful bifocal contact lens and was a key member of the engineering team that built the tooling and multi-axis lathing systems to produce the lens. This development attracted international press and television coverage.

The bifocal design and subsequent engineering design was awarded a Foundation for Research, Science and Technology grant.

On 18th March 2012 Ian was awarded an Honorary Membership of the Cornea and Contact lens Society in recognition of outstanding contribution to contact lens practice in New Zealand. It was given for his contribution in original lens design, patents, manufacturing inventions, substantial contributions to the mathematics of optical design, clinical contributions in lens design for astigmatism, keratoconus, post-natal aphakia, bifocal and multifocal contact lenses, production methodology, the development of groundbreaking CNC manufacturing optics, surface engineering, materials research, robotics, practice management software and for the introduction of computers into the whole New Zealand optometry market.

In 1994 he began work on innovative software and business model for a photographic restoration system called Photopages (later PhotoWonder). He has managed the engineering, development, sales and marketing teams of this project since its inception. During 1999 Ian developed the franchise in the United Kingdom and completed the franchise package including authoring the manuals and support marketing material.

The growth of the photo restoration business was rapid and in 2002 a landmark sales and distribution agreement was signed with Creekside LLC in USA. Ian established large computer studios in New Zealand, China and India using his software and techniques to service the growing market developing in the USA. Walgreens, Walmart, CVS, Albertsons, Best Buy and many other major chains now use this photo restoration service exclusively. Further distribution agreements were completed for Japan, Asia and Europe and PhotoWonder is now the world's largest photo restoration company.

In 2003, Ian began work on Tooth-pix, a professional imaging service providing a comprehensive yet simple method for dental photos to be altered to show predictive outcomes for cosmetic surgery. Ian pioneered the manipulation

software and techniques for Tooth-pix and has worked closely with key dentists in NZ to develop a professional on-line interface for all dentistry.

2004 saw the release of Ian's unique real estate system, Realty-Pix. Similar to Tooth-pix, it provides the opportunity for property buyers to explore the potential of a property prior to investment, encouragement for vendors to better prepare the property for sale and can inexpensively explore make-over options when considering planned home improvements. Ian has worked closely with key people within the real estate industry to advance the use of more effective marketing techniques.

Ian also is actively involved with and collaborates in developing complete business solutions, designing and building comprehensive internet and engineering complex software solutions for a wide range of commercial disciplines. These have included web-sites for publishing houses, software for asset management systems, high profile sites for automotive dealerships and real estate listing sites. In 2009 he developed a complete business plan and infrastructure to support real estate sales by lawyers.

Ian is now a director of Alexander & Co., a leading surveying company in New Zealand specializing in building enclosures and providing market leading solutions, advice and assistance in all aspects of building surveying, dispute resolution, cladding design, architecture, maintenance planning and building restoration. He is also a consultant with company providing management services.

see [www.alexander.co.nz](http://www.alexander.co.nz)

Prior to and during his tenure in contact lens design and manufacture, Ian had a long career in live theatre production working with most major productions at His Majesty's, St James and Playhouse/Mercury Theatres in Auckland. He also worked and gained engineering experience at the NZED Quay Street workshops, qualified as a baker and taught music for a number of years.

Ian speaks regularly at conferences, seminars and in the community promoting and discussing developments in digital technology and business, tutors a number of imaging workshops and offers private tuition in Photoshop. He also offers tuition and runs seminars on the iPad.

For a number of years Ian has been providing comprehensive genealogy research and authoring services. He has researched, written and published a number of history books for many New Zealand families. Ian is a keen bridge player, enjoys reading, music composition and has a significant interest in mathematics, history and genealogy

Notes for JOCELYN RUTH BROWN:

Jocelyn was born at the Annex, Te Kopuru Hospital near Dargaville. She grew up on the family farm at Waihue. Her mother encouraged her to learn Scottish Dancing for which she received many awards. Jocelyn attended ATi where she gained qualifications as an office assistant and worked for Consumers Institute.

Notes for DANIEL LOGAN HANDRICKS:

Daniel was born 20 May 1981 at National Womens Hospital, Greenlane, Auckland. At exactly 7 lbs, exactly on the due date Daniel had the most normal birth of he and his siblings. Within 12 months of his birth, his parents and he emigrated to the UK and Daniel celebrated his 1st birthday on the way in Keene New Hampshire, USA at close friends, Walt and Patty Lewandowski's home. Daniel attended Chalgrove Primary School in Oxfordshire, UK and was a member of the local Beaver Scouts. He was a noisy active child who was always keen to dabble in mischief.

On return to NZ, Daniel attended West Harbour Primary School and later Massey High School in Auckland. He continued for a period of time his scouting and took great pleasure in playing Table Tennis. Daniel also took on

adventures with a mutimasted sailing ship in Auckland. Daniel's great passion was cooking and he was a fine chef and conneiseur of fine food. This was enhanced during holiday and part-time employment with a local Indian family who introduced him to indian food. His other passion was IT and after attending Massey University for a period of tuition in business practice, he joined Telecom NZ as an IT expert. He took up an interest in playing Bridge (egged on by his father who is a passionate nut with the game!) and he become a fine and skillful player - attending and achieving excellent results at the NZ Bridge Congress.

Daniel began his world travels by moving to Brisbane, Australia in 2010 and worked with Telstra and continued his passion for cooking. Daniel was a happy, energetic, intelligent and articulate individual who enjoyed the company of a wide circle of friends. He was an engaing dinner guest and had a cheeky sense of humour. He maintained an excellent and fun relationship with his father and mother and he and his siblings were close mates.

On Christmas Eve, 2016, Daniel was diagnosed with Colon Cancer and had an emergency surgery for the removal of a large tumor. Initially diagnosed as Stage 3 colon, bowel, lymph node and liver cancer he was later given the awful news that he was Stage 4 - terminal. Despite that, he underwent a period of chemotherapy on the hope that it may provide a treatment to stop the cancer. Sadly he died suddenly on the 8 May 2017 at his home on the Gold Coast of Australia as a reult of a pulmonary thrombosis brought on by the combination of the cancer and the chemotherapy he was receiving. His funeral took place on the Gold Coast and was attended by many friends and family. Daniel fought hard to the end trying to beat his condition, he maintained his dignity, humour, sharp sense of loyalty and good nature throughout the ordeal and will be missed by many many people. R.I.P.

- ii. HELEN RUBY HANDRICKS, b. 31 Oct 1983, John Radcliffe Hospital, Oxford, England.

Notes for HELEN RUBY HANDRICKS:

Helen Ruby Handricks was born 31 Oct 1983 at the John Radcliffe Hospital in Oxford, UK. She arrived at 3 minutes to midnight on Halloween and was 6 weeks premature. Initially in an incubator at the renowned SCBU unit at the hospital, she was soon out and raring to go. Helen was named after her two great grandmothers. Helen has, from the day she was born, been a highly motivated, enegetic and focussed person. She was blessed with a sharp mind, good looks and a determination to succeed.

As a baby and small child, Helen was always a surprise. She did not tolerate dolls (or anything for that matter) in her bed, she was quick and agile about the home and challenged herself and all those around her constantly - but always fun. Her first school was West Harbour Primary where she was given a magnificent start in her education by some exceptional teachers and later she attended Massey High School. At Massey she was placed in the HAPS (High Ability Program for Students) course due to her ability to absorb and rapidly process vast amounts of knowledge. She was an active member of the soccer, netball, athletics and table tennis teams. She also played water polo. Helen is somewhat of a polymath.

She graduated from Massey High School with distinction and then attended Massey University graduating 3 years later with a Bachelor of Business Studies Degree. During this time, Helen worked in supermarkets, McDonalds Restaurants and eventually was appointed PA to the President of NZ's ruling National Party. She was also PA to Ken Holmes, a leading financial Advisor in Auckland. After graduating, Helen hitch-hiked and travelled up the West Coast of America and accross Canada from Vancouver to Montreal and back. This was followed by a year and half teaching English in Korea where Helen gained a passion for a teaching career.

She then began her world travel experience and moved firstly to Brisbane, Australia wher she completed her teaching qualifications at Brisbane's Griffith University - graduating in 2009. She then began a two year teaching post at a Queensland school. In 2012 Helen moved to London, UK where she gained a teaching position at a private London School. Since arriving in the UK she has made numerous trips around the UK and Europe.

Helen has a wide circle of friends. She is strong-willed and determined to achieve great things in life. She has maintained a happy, challenging intellectual relationship with her father and keeps in good contact with her mother and siblings.
